ADVANCED SOLUTIONS DRIVEN BY VETERINARY EXPERTISE AND LOVE FOR ANIMALS

Antinol®

Complementary feed with anti-inflammatory action

Patented lipid extract PCSO-524®

FOR JOINT HEALTH – ANTI-INFLAMMATORY

Antinol® is a complementary feed with powerful anti-inflammatory effects and high bioavailability.

The patented lipid extract PCSO-524®, derived from green-lipped mussels *(Perna canaliculus)*, has been proven to reduce inflammatory processes and support healthy joints.
It contributes to healthy skin and a shiny coat, while improving the overall well-being of your pet.
The product is safe for long-term use.

SOSPASTE

For Cats and Dogs

FOR HEALTHY DIGESTION – FOR DOGS AND CATS

SOSPaste is a complementary feed in paste form, designed to support animals during acute digestive disturbances.

A carefully selected combination of clay, minerals, zinc, hyaluronic acid and anthocyanins from cranberry effectively **protects the gastric and intestinal mucosa, reduces inflammation, and helps bind toxins.**
Provides first-line support in both acute and chronic digestive issues in dogs and cats.

FAST-ACTING RELIEF
Digestive issues are easier to manage with the first dose (diarrhoea, reflux, gastritis)

NATURAL FORMULA
A combination of clay, minerals, zinc, hyaluronic acid and anthocyanins

COMPREHENSIVE DIGESTIVE PROTECTION
Protects the stomach and intestinal lining and supports microbiota balance

FOR CATS AND DOGS
Safe for long-term use
